

Health Care Accreditation Council

HCAC 5th Quality Conference & Exhibition

November 11 – 13, 2019

Julia

Julia is IFC's Healthcare Quality and Patient Safety Specialist advising healthcare organizations around the world on how to implement international standards. She has 18 years' experience of working in private healthcare. She began her career at Moscow's first US-owned hospital, eventually becoming Head of Quality & International Standards at Russia's largest healthcare company.

Julia has extensive international experience including in former CIS, Asia, Africa, Middle East and Latin America. She led the development of IFC's updated Healthcare Quality Assessment Guide and has performed numerous assessment projects, including in collaboration with the WB.
