

Health Care Accreditation Council

HCAC 5th Quality Conference & Exhibition

November 11 – 13, 2019

Majeda Afeef Al-Ruzzieh PhD, MSN, RN

The Chief Nursing Officer at King Hussein Cancer Center (KHCC) in Jordan.

She led the journey toward nursing excellence at the center which was concluded in 2019 by achieving Magnet® Recognition with exemplary results. This recognition made KHCC the first hospital in Jordan and the first cancer specialized center outside US to get this recognition.

Dr. Majeda had PhD Philosophy of Nursing and additionally a Certificate Holder in Fundamentals of Magnet® from ANCC that is a professional credential for consultants and healthcare professionals. Dr. Majeda established shared governance for the nurses at KHCC, she continues to evaluate all related structures and processes. She is a member of the Advisory Board for Shared Governance Forum US.
